EVANS ENERGY II, LLC
DEXTER +1 JOINT VENTURE

NOTICE OF INITIAL APPROVAL OF VENTURE ACTIVITIES

As you know from reading the Confidential Information Memorandum (the "Memorandum") for the Evans Energy II Dexter +1 Joint Venture (the "Venture"), the Venture was formed for the purpose of acquiring an interest in four existing oil and gas wellbores (the "Prospect Wells") and to participate in the reworking testing and if warranted recompletion thereof. To achieve this purpose, the Venture is intending to offer up to 50 Units of Venture partnership interests (the "Units") in the amount of \$115,000 per Unit.

Proposal 1

Approval of Managing Venturer

As described in the Memorandum and the Joint Venture Partnership Agreement of the Venture (the "Venture Agreement"), Evans Energy II, LLC ("Evans ") was named as the initial Managing Venturer to carry out the day-to-day business of the Venture. This proposal ("Proposal 1") is to affirm Evans as the initial Managing Venturer of the Venture.

Vote Required:

A vote of the Venturers owning a simple majority of the Units shall pass and approve Proposal 1. If a majority of the Venturers vote against Proposal 1, then the Venture will undertake to elect a new Managing Venturer pursuant to Section 5.7 of the Joint Venture Partnership Agreement. Evans would continue to serve as Managing Venturer until such an election. In the event Proposal 1 passes, any Venturer voting against Proposal 1 would not suffer any adverse impact on its interest in the Venture or face any action from the Venture.

Proposal 2

Approval of the Prospect Wells

As described in the Memorandum, the Venture intends to acquire, subject to increase or decrease as described in the Memorandum and in the Venture Agreement i) up to a 25% working interest in six existing hydrocarbon wellbores and ii) up to a 75% working interest in the drilling and, if warranted the completion of one new well all located in Walthall County, Mississippi (the "Prospect Wells") and, if successful, the production of hydrocarbons therefrom and to participate in the re-entering, reworking, re-equipping and if warranted the recompletion thereof. This proposal ("Proposal 2") is to affirm the Venture's selection of and acquisition of the working interests in the Prospect Wells.

Vote Required:

A vote of the Venturers owning a simple majority of the Units shall pass and approve Proposal 2. If a majority of the Venturers vote against Proposal 2, then the Venture will undertake to select a new well in which to acquire interests. Proposal 2 must be approved by a majority of the Venturers in order for Proposal 3 or Proposal 4 to be approved. If you choose to vote against Proposal 2, you may not vote in favor of Proposal 3 or Proposal 4, as the actions of the Venture in those Proposals are dependent upon the approval of the selection of the Prospect well. In the event Proposal 2 passes, any Venturer voting against Proposal 2 would not suffer any adverse impact on its interest in the Venture or face any action from the Venture.

Proposal 3

Approval of Venture Participation

As described in the Memorandum and the Joint Venture Partnership Agreement, the Venture intends to i) participate in the re-entering, reworking, re-equipping and if warranted the recompletion of six existing wells and ii) drilling and, if warranted, completing one new well and if successful, the production of hydrocarbons therefrom and iii) the operating of the successful Prospect Wells. This proposal ("Proposal 3") is to approve the Venture's participation in the above described work plan for the Prospect Wells.

Vote Required:

A vote of the Venturers owning a simple majority of the Units shall pass and approve Proposal 3, provided that Proposal 2 has also been approved. If a majority of the Venturers votes against Proposal 3, then the Venture will not begin operations on the Prospect well. If the Venture does not begin its operations on the Prospect well in a timely fashion, the Venture could lose its interest in the Prospect well. If you choose to vote against Proposal 3, you may not vote in favor of Proposal 4, as the actions of the Venture in Proposal 4 are dependent upon the approval of the Venture's participation in the recompletion of the Prospect well. In the event Proposal 3 passes, any Venturer voting against Proposal 3 would not suffer any adverse impact on its interest in the Venture or face any action from the Venture.

Proposal 4

This proposal ("Proposal 4") is to approve the Venture entering into the Turnkey Contract and making the expenditures related thereto.

Vote Required:

A vote of the Venturers owning a simple majority of the Units shall pass and approve Proposal 4, provided that Proposal 2 and Proposal 3 have also been approved. If a majority of the Venturers vote against Proposal 4, then the Venture operations of the Prospect Wells will cease. In the event Proposal 4 passes, any Venturer voting against Proposal 4 would not lose its interest in the Venture or face any action from the Venture.
